

2025 Credentialed Practitioners by State

At the end of 2025, the NBRC has awarded 576,391 credentials to individuals in the United States and abroad. The state table lists where practitioners reside in each of the 50 states, District of Columbia and Puerto Rico.

When reviewing the “Total” column, it is important to know that many practitioners hold multiple credentials. For example, all RRTs are also recognized as CRTs and all RPFTs are also recognized as CPFTs. The “Total” column approximates the number of individual practitioners who reside in a state and is not a summation of the credentialed national groups.

The data presented in these tables are based on the most current information in our database.

The table below lists the number of credentialed practitioners who have earned multiple credentials: CRT, RRT, RRT-ACCS, CRT-NPS, RRT-NPS, CRT-SDS, RRT-SDS, CPFT, RPFT and AE-C.

State	CRT	RRT	CPFT	RPFT	NPS	SDS	ACCS	AE-C	Total
